MEMORIES

What, someday, will be your memories of your years in school? Surely, it is not for me to tell you what to remember - but from my vantage point of years of earnest living, and giving, I suggest that you will not remember those things typical only of this year, or of this decade. The basic and the important abide long in the memory; the clever, the fad, the passing fancy, elude recall.

What then shall your memories be? Surely the devoted teachers who worked to help you all; the classmates, with whom you worked and studied; the clubs, teams, activities. You will remember your own contribution to the enduring traditions of a fine school. You will remember the earnest concern of the whole school, that you learn not just how to live, but that you learn to live a moral, a useful, a worthwhile and wholesome life.

You will remember the many hard-won facts, still more relationships, and most importantly, deep appreciations of the good and the fine.

Perhaps, one day, you may remember the Principal of the High School - and if you do, remember that he was once, and still essentially is, a teacher. No matter what the title of a member of a school staff may be, his essential function is that of a teacher. Schools have no staff members of importance greater than the teacher.

May you always have pleasant memories of B.H.S. May you always remember the lessons you experienced in your Alma Mater, especially, those of her motto, "Learn To Live".

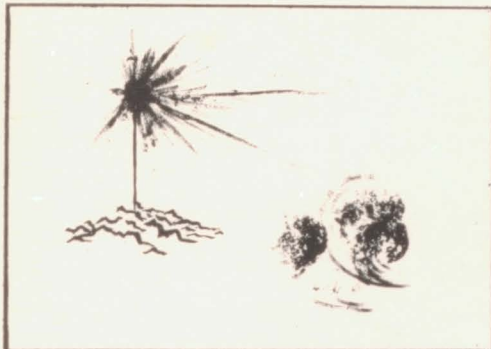

Faithfully yours,

H. M. Rice

FOREWORD

What will we, the Class of 1957, recall about our three years in Bloomfield High School? Surely we shall never forget the BEACONS, our faculty, who have guided us over the hidden pitfalls. And those who are CROSSING the bridge to success with us — we will always retain the memory of them, our school-mates. As we think back, many pleasant hours spent participating in the various activities (MOTIVATION) at B.H.S. will come to our minds, and we will recall how they enriched and enlivened our school days. With athletics (GOALS) closing MEMORIES, let us always remember the jubilation and exhilaration we experienced when Bloomfield was victorious. These memories are interwoven in our minds, but when unraveled they represent the most important years in our lives.

Our original cover design is an abstract representation of our memories. The disks are our recollections extending back into the past, while the indicator points to '57, the present, even as our thoughts meander into the future. The trend is also indicated in our choice of colors. The Classic White is from times remote, while the Vivid Gold is symbolic of tomorrow and the times to come.

Benji, our Bengal mascot, appears throughout the book, telling his story. We hope that his tale will help bring back remembrances of your days in Bloomfield High.

BENJAMIN BENGAL
"Benji"

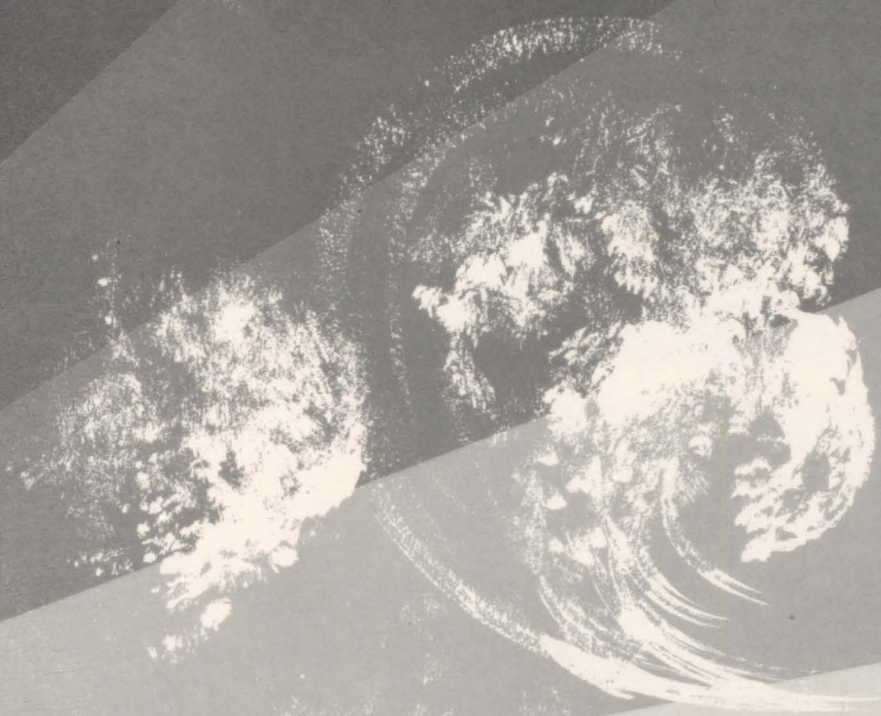

Hi! I'm Benji the Bengal mascot, and I am the composite of every student who has passed through the corridors of B.H.S. Compounded of pep rallies, lunch periods, assemblies, football games, and many fond memories, my delicate tiger brain is absolutely bursting with recollections of my merry escapades. I am you, the class of '57, looking back on the past and forward to the future.

Faculty and Administration

Years from now, when we look back upon three years spent in Bloomfield High, perhaps we will begin to realize that the contacts we had with our teachers influenced our lives. Our education formally began twelve years before commencement and in that course of time we were educated and prepared for our future life. We are indebted to not only our high school faculty, but also to all the others who have given us help, encouragement, and training. Those whose light guided us should live forever in our hearts and minds, for without these BEACONS we might have fallen by the wayside.

Crossing

The background of the page is an abstract composition of overlapping geometric shapes in various shades of gray and beige. On the right side, there is a stylized illustration of a suspension bridge, drawn with thin white lines. The bridge's cables and towers are visible, extending from the bottom right towards the top right. The overall aesthetic is mid-20th-century modernist.

Seniors

As we, the Class of 1957, graduate from Bloomfield High, we cross over a bridge to a new plane of existence. After being nurtured for twelve years, we now step out into the world on our own. Many of us will be able to begin in our chosen vocations immediately, but quite a few will go on to higher education. While we look to the future, we should be gazing back, for from past experiences and mistakes, we learn and profit thereby. As we start out on the road of life, let us not be so occupied with our ambitions, that we forget what we learned and experienced in our three years at Bloomfield High.

Class Advisers

RUDOLPH L. KNAKAL

Wise counseling, a few laughs, and a pat on the back—yes, one more boy had just experienced the expert guidance of Mr. Knakal. When we were faced with seemingly insurmountable problems, Mr. Knakal offered a solution; when things looked black, he was our guiding beacon; when we needed a friend with whom to talk, he readily found the time. In Mr. Knakal's friendly smile, ready wit, enthusiasm, and mutual understanding was a certain magnetic charm that captured the confidence of all. Fortunate, indeed, were we to know Mr. Knakal not only in his position as adviser, but also in the active role he assumed in many of our class activities. Would our Christmas card sales or the Senior Dinner Dance have been so successful without his sincere interest and lively spirit? For his untiring energy in bringing us through three memorable years, we, the boys of the Class of '57 are eternally grateful.

*Dear Counsel,
Well, we made
it. Have a wonderful life.
Barbara Van Patten*

How could we, the girls of the Class of '57, have completed our high-school days so happily and successfully without the help and counsel of Miss Van Patten? Many have been the times when we were in need of sound guidance and comforting advice. In Miss Van Patten, we found such assistance. Her sympathetic understanding of the problems that confronted us seemed to banish all our anxiety. Even when we had no particular troubles, Miss Van Patten was always glad to sit down with us for a friendly conversation. She has also spent many hours directing us in the selection of appropriate courses as we enter the professional and business world around us. Because she has freely given of her time and effort, we shall always remember Miss Van Patten, for she has been not only our adviser, but also our true friend.

Motivation

Activities

As the water wheel of old provided a constant source of power, so our Bloomfield High School program of activities supplies the motivation which stimulates youth on to greater heights. These activities not only provide an outlet for excess energy, but also give students an opportunity to display their ideas and abilities. Although our B.H.S. organizations serve as a source of enjoyment, they also impart inestimable aid to our school functions. Bloomfield High's motto is "Learn To Live," and our participation in school activities has shown us a way to achieve this ideal. When we look back upon our days in B.H.S., we will find our memories are constituted largely of those hours we spent together, sharing alike in laughter and work.

Acting as the representative agency for the entire student body is the ever-active Student Council. Under the direction of Miss Katherine Dennison, the one hundred and fifteen member group promotes numerous worthy activities and fosters an understanding attitude between students and faculty. Among its many projects are the adoption of a German child through the "Save the Children Federation," and the sponsoring of the Football Queen Dance, the Variety Show, and four entertaining and educational assembly programs. One of the members in the state organization of Student Councils, Bloomfield can claim one of the finest Student Councils in New Jersey.

Is there any new business?

Memories

Dear Class of '57,

Shhh—It's me, Benji. I'll have to speak in a low roar, for the editors are in the process of making another momentous decision. While they are occupied, I would like to tell you exactly how MEMORIES '57 was created. After a considerable amount of writing, drawing, discussing and compromising, the editors decided upon a theme and, of course, me! Summer vacation temporarily impeded their progress; however, they reappeared in September to produce a successful year-book. Peals of laughter, blended with the steady click of a typewriter and hard work comprise the happy days I spent in the annual office. I shall never forget our three time-consuming deadlines or our advisers, Mrs. Romanko, Mr. Willever, and Mr. Eller, to whom we owe our sincere appreciation and thanks. At last the meeting is adjourned, and I must leave with the editors. After all, I don't want one of the mice down here to get me.

Sincerely yours,

Benji

For a complete coverage of B.H.S. news and activities, one can't go wrong with the STUDENT PRINTS. Published by an efficient staff totaling more than sixty members and including an editorial staff of eight, the STUDENT PRINTS truly reflects the spirit of Bloomfield. In addition to producing ten issues a year, the PRINTS was a co-sponsor of the memorable Student-Faculty Basketball game. In order to gain further skills in the field of journalism, six editors attended the Columbia Scholastic Press Association Conference in New York in March. They also participated in the Scholastic Press Association of New Jersey during April. We are certainly proud of the superb job the STUDENT PRINTS has done in maintaining Bloomfield's fine standards.

When a fourteen year old girl decides she wants to play football, you can be sure life will be pretty hectic for her family. Ginger, our female football player, strongly believed that the Bill of Rights meant that there should be no discrimination between sexes, especially, when it came to football. However, complications arose when Ginger's two older sisters, Joan and Jeanie, propagate a boycott of games as long as Ginger played. Howard Carol, the girls' father, encouraged his daughter mainly because he was able to relive his non-existent football career graphically before his family and friends, even at the expense of endangering his position as a respected banker. Ginger's mother, Agnes, was the sustaining force that held the situation in check. However, the audience was in sympathy with Ginger as was Lizzie, the Carols' football loving maid. Given during a good football season, the play was enthusiastically received by all those who saw it.

New Orleans, 1800. Pirates, an escaped countess, a boat load of hopeful brides, and a handsome young American lieutenant are combined to form an exciting story. This light-hearted operetta, starring June Day, Eric Rothardt, Adelaide Harris, Jack Van Orden, Lucille Hanson, and Frank Uzzolino, was presented in the spring of 1956. We will long remember the sparkling music and fine acting displayed in this presentation. Intrigue and romance held the audience spellbound for two-and-one-half hours of enjoyable entertainment.

One of the busiest clubs in B.H.S., the Art Committee benefits the entire school with the service and talent rendered by its thirty-eight artistically-minded members. Stage sets for our senior play, Christmas program, and band concert were big projects of the year. Among its other invaluable services were designing program covers and advertising for our various school productions. On rare occasions when the Art Committee was not busy with its full program of services, they enjoyed discussions directed by the club adviser, Miss Dorothea Fisher, on stage effects, advertising, and art and style techniques.

Consisting of fifteen hard working boys, the Audio Aids Crew is always ready to lend a helping hand to school and community projects. Maintaining, operating, and teaching the uses of audio-visual aids are the helpful services performed by the group. Every student at B.H.S. enjoys the interesting films shown by projection crew members in assembly programs and academic classes. Through this experience, the crew members gain valuable information concerning the operation of interesting and useful pieces of machinery.

Working together to achieve better human relations throughout the world are twenty eager students comprising the Junior Red Cross. As one of the outstanding service organizations in our school, it helps the community in many ways. One of its big projects of the year is providing cross word puzzles and five hundred cookies for the Veteran's Hospital. Collecting for the March of Dimes and sending gifts to children in hospitals are other of its very worthwhile activities.

Puffs of powder and dabs of paint are skillfully applied to student performers by the members of the Make-Up Crew. Would the senior play, the annual operetta or various assemblies have been successful without the cheerful assistance of this energetic group? Many fun-filled hours are spent characterizing nervous, but eager performers on opening night. Under the advisorship of Miss Castelluccio, the sixteen active members thoroughly enjoy performing their vital services to B.H.S.

Key Club

"Service" is the key word of the Key Club. The fifty members of this club are all outstanding students at B.H.S. Their services to the school and community are numerous. Collecting for the March of Dimes, Bloomfield Welfare Fund, and Community Chest, raising the flag each morning, and aiding the administration in maintaining parking facilities are a few of the Key Club's contributions. The Key Club members have developed a gardening project to beautify the flag pole area, thus proving to be an indispensable organization at B.H.S.

Pine-Knot Club

To improve and maintain the woodshop at B.H.S. is the primary function of the Pine-Knot Club. Ten energetic boys constitute the organization which provides for pleasure as well as additional instruction in the art of wood-working. Hammers, saws, and machinery are set in motion when this busy club assembles. For enjoyment, instruction, and many interesting projects, the Pine-Knot Club is popular with many students.

LEFT TO RIGHT: R. Carroll; T. Duchemin, President; Mr. R. Keller, Adviser.

Library Club

Comprised of fifty members, the Library Club graciously serves the student body and faculty of B.H.S. by their maintenance of the school library. This includes operation of the desk, care of books and other materials, and aid to bewildered library users. Although there are a multitude of vital tasks performed by this group, a cake sale, a senior breakfast, and a trip to the New Jersey School Library Association Convention provide fun and enjoyment for everyone! For pleasure and service to B.H.S., the Library Club can not be equaled.

Stage Crew

The least seen group but certainly one of the most important in B.H.S. is the ever efficient Stage Crew. Mr. Minchin and his crew of twelve are on the job during every assembly program and school production. These dexterous behind-the-scenes men are the ones to thank for building the scenery sets, operating the lights, and caring for and maintaining all stage equipment.

Girl Reserves

Service is the purpose of one of the largest clubs in B.H.S., the Girl Reserves. These girls, numbering 102, reached this goal in a variety of ways such as donating food and clothing to a needy family at Thanksgiving and Christmas, collecting for Muscular Dystrophy, caroling at the Job Haines Home, and ushering or serving at school and community functions. As fund raising projects, these ambitious girls hold a cake sale and Spring Fashion Show. In addition, a trip to the U.N. Building and a Mother-Daughter Banquet in May climax their year as Girl Reserves.

Latin Club

Latin dead? Certainly not in Bloomfield! This was an important year for the eighty-five members of the Latin Club, for highlighting the year's activities was the celebration of the club's Fiftieth Anniversary with guest speaker Professor Gilbert Highet. A formal induction ceremony of new members, a welcome meeting to Junior High School Latin students, and active membership in the New Jersey Junior Classical League added to its busy schedule. The Latin Club, distinguished as being the oldest club of its kind in the United States, promotes a more thorough knowledge of Roman life and customs and creates a better understanding of the cultural and practical values of Latin.

Italian Club

The Italian Club, consisting of seventy enthusiastic members, has endeavored to foster an appreciation of Italian cultural contributions. An Italian breakfast, a merry Christmas party, a fun-filled dance, and a trip to New York mark this organization as stimulating and interesting. Correspondence to Italy affords members the opportunity of obtaining personal information concerning Italy. Stimulating abundant interest, the Italian Club is well-liked by the students of B.H.S. for its enjoyment, interest and many activities.

Spanish Club

"Buenos dias" is a popular greeting exchanged by the sixty-two members of "Los Caballeros." To foster an appreciation of cultural Spain is the fundamental objective of this active organization. Highlighting this year's activities were: an exchange student from Mexico, a Christmas fiesta, dinner at a Spanish restaurant, and movies dealing with the Hispanic world. Fortunate club members have an opportunity to taste many exotic dishes including chicken and rice, and tortillas.

German Club

"Wie geht es Ihnen?" You may receive this greeting at any time by one of the thirty-five members of the German Club. While the students are studying the language, the German Club helps to stimulate the pupils' interest in the history and customs of Germany. This club has proven to be a very active organization, and every school function and worthy cause can be sure of support from this group. A field trip to see *Plain and Fancy* helped to visualize clearly the customs of the Pennsylvania Dutch.

French Club

"Parlez-vous francais?" You do if you claim membership in Le Cercle Francais, more popularly known as the French Club. Each of the bi-monthly meetings is geared to promote greater understanding of the French people, their language, and their customs. A speaker either from France or one who is well acquainted with the country, delights nearly every home meeting. Motivated by the zeal and spirit of Mrs. Alice Johnson, the club can boast of such fine activities as Thanksgiving and Christmas baskets to a needy family, a very successful cake sale, and an enjoyable trip to see "Misanthrope."

Distributive Education Club

The ten members of the Distributive Education Club are fortunate indeed to be able to gain a keen insight into their future vocation since this club promotes enthusiasm in merchandising and retailing as a career. The November meeting proved most worth while, for at the club breakfast was a guest speaker who was a former graduate of B.H.S. and is now an executive in a well known retail store. A field trip to a few stores in the spring rounded out a successful year.

Future Business Leaders Of America

Presenting a welcome addition to B.H.S. activities—the Future Business Leaders of America. Although the F.B.L.A. is our newest club, it has already gone full swing into a lively program designed to help develop students into wholesome and useful leaders of the business world. A speaker at each monthly meeting stimulated interest in many possible fields of endeavor. The conducting of a survey to discover the job opportunities in Bloomfield was a most appreciated contribution.

VOCA

Future Nurses Of America

Our future ladies in white meet once a month to hear guest speakers and reports designed to promote an interest in nursing. All the essential and basic tasks for becoming a superior nurse are taught to the girls by the administration. The numerous hours of service they donate pleasing patients as "Cheery Aids" at Mountainside Hospital reflect an excellent impression on the high standards of B.H.S. The F.N.A. has proven to be a worthwhile service and vocational club.

Future Teachers Of America

Participating in the F.T.A. Club are over eighty members, joined by their mutual interest in teaching as a career. To acquaint the members with the opportunities in teaching, a guest speaker enlivens each monthly meeting with his personal experience and professional knowledge. Observation Day in the local elementary schools enables members both to conduct classes and to observe actual processes. Each year in May, the club sends delegates to a state-wide conference of high school and college F.T.A. clubs at Stokes State Forest. A field trip to Trenton State Teachers' College highlighted the year's activities.

Mechanics of Transportation Club

Allowing students to use the instruments in repairing their cars makes this organization a favorite at B.H.S. Improving class facilities is also a vital function of the Mechanics of Transportation Club. A trip to the Ford Motor Company was especially enjoyed by its twenty-one ambitious members. Sore thumbs and swollen fingers result as the enthusiastic future mechanics construct, repair, and examine their "heavenly heaps."

LEFT TO RIGHT: R. Freiman; T. Dowbekin; D. Rogers; Mr. T. Schenk, Adviser; J. Palmieri.

Printing Squad

Many have been the times B.H.S. availed itself of the services of the Printing Squad. The production of tickets, posters, and other materials for many school clubs and activities is its primary purpose. As proof of its vital role in school functions, the organization is busy at work each activity period. Since membership is limited to graphic arts boys, one may always be sure of a professional job.

Biology Club

The twenty-five members of the Biology Club readily acknowledge that they always look forward to their monthly meetings. Through the wide range of activities in which they engage, students go far in developing their interest in the field of science and improving their scientific skills. Dissection, the making of microscopic slides, blood typing, and field trips—no wonder there is such enthusiasm in the Biology Club!

STANDING, LEFT TO RIGHT: M. Johnson, Program Chairman; C. Gangi, Secretary; Mrs. H. Grabo, Adviser; N. Patton, Treasurer.

Boys' Archery Club

Perfect aim, great skill, and another bull's eye—yes, that could only refer to the newly founded Boys' Archery Club. Under the direction of Miss Marion Loprete, this innovation has met with great enthusiasm. Meeting twice a month in the Girls' Gym, the boys receive instruction and practice in perfecting their technique and marksmanship.

Camera Club

Photo enthusiasts will never forget the practical knowledge and invaluable experience they have gained through membership in the Camera Club. Under the capable guidance of Mr. Alfred Zabady, the club not only fosters an interest in photography as a hobby, but also as a possible vocation. With the group's fine equipment and expert techniques, it is little wonder that their talents are constantly put to work developing and printing pictures for the entire school.

LEFT TO RIGHT: Mr. A. Zabady, Adviser; P. Whitecross, Vice President; E. Kosloski, President; L. Stang, Secretary-Treasurer.

Chef's Club

It is highly possible that a future chef will be among these eighteen boys who meet twice a month to demonstrate their ability in culinary arts. Preparing tasty dishes is their job, while they also consider the cost and amount of work involved. They aren't only good cooks, but they're thrifty ones. A "get acquainted" breakfast and preparing apple pie and pizza have highlighted their year.

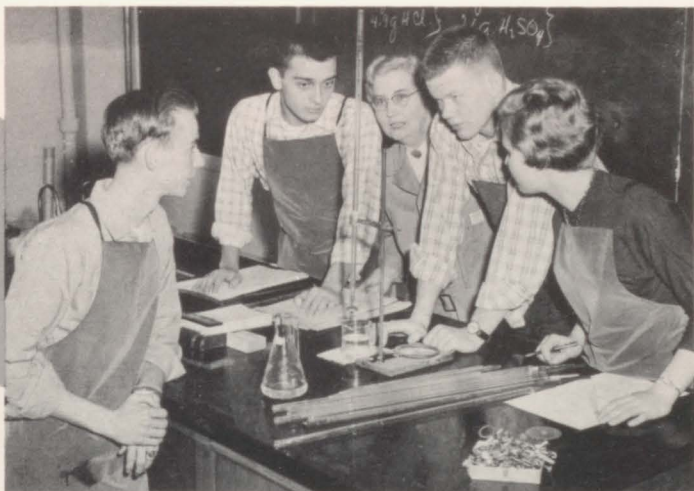

LEFT TO RIGHT: R. Stanziale, Secretary; J. Capozzi, President; N. Ferrara, Vice President; Miss E. De-Meo, Adviser; C. Casey, Treasurer.

Chemistry Club

A familiar scene on Wednesday afternoons is the Chemistry Club, busy at work in Room 410 on an experiment. This organization, under the leadership of Mrs. F. Becker, is open to all seniors interested in advancing their knowledge of the use of chemistry in our scientific world. Each month different members conduct the meetings highlighted by guest speakers, experiments, or some chemical novelty. Two memorable programs are the "Formula B" and the experiment on liquid oxygen. These activities plus slides, films, and a field trip have successfully composed the agenda of this year's Chemistry Club.

LEFT TO RIGHT: R. Potts, Vice President; J. Burricelli, Treasurer; Mrs. F. Becker, Adviser; C. Angevine, President; M. Peters, Secretary.

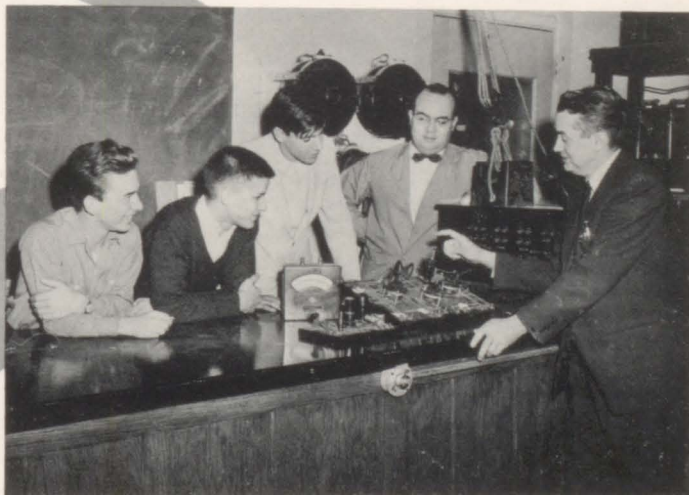

Electronics Club

The Electronics Club promotes a better understanding in the very important field of electronics. Seven of the members of this active club hold amateur radio licenses. This year, the club has high hopes of establishing an amateur radio station at B.H.S. A regular meeting is always filled with interesting activity through demonstration with various pieces of electronic equipment, experiments, and lecturers.

Home Economics Club

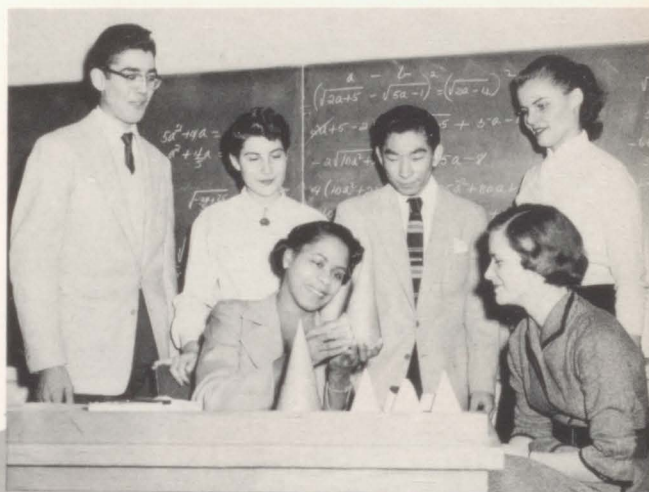

Twenty-five future homemakers comprise the active Home Economics Club. Aptly demonstrating the value of homemaking, this organization is popular among B.H.S. students. Worthwhile services included in the club's varied undertakings are: a Thanksgiving basket to a needy family and toys for crippled children. Social relations are achieved through a gleeful initiation party, an enjoyable trip to New York City, and a friendly mother and daughter banquet. For a varied program, and an opportunity to help unfortunate people, the industrious Home Economics Club heads the list.

Literary Club

Once a month the public library is the meeting place for the sixteen junior and senior members of the Literary Club. Believe it or not, it's fun to read. All the members of the Literary Club agree that they derive pleasure sharing and discussing good books by various authors. At each meeting, two members lead a discussion period in a chosen field of literature written by a particular author. The Literary Club raises the appreciative standards of the student's reading.

LEFT TO RIGHT: T. Fornarotto, Treasurer; S. Hogan, Secretary; T. Gorman, President; L. Dartnell, Vice President.

Math Club

Have you ever tried to stump a Math Club member? It's a hard matter to do. Trick problems and a brush-up course on the history of algebra keep these mathematicians busy. Helpful facts not obtained in a regular class aid these members in many homework assignments. If your math record is excellent you should strive to achieve the Math Club's annual award. Decorated polyhedrons are made for the Christmas tree every year by the master minds of this organization.

STANDING, LEFT TO RIGHT: Mr. P. Wilson, Mr. M. Butler, Advisers.

Track Club

A popular club has many participants and the Track Club is no exception. Not only does it stimulate interest in track for its members, but it also promotes enthusiasm for the sport throughout the school. In addition to sponsoring the homeroom relay and the fifty yard dash championship, the club awards the annual trophy to the year's most valuable outdoor track man. The group frequently participates in service drives and each year officiates at the grammar school meet during Youth Week.

LEFT TO RIGHT: Mr. J. Konn; J. Crecca; S. Peca; C. Elliotte; E. Pettiford.

Tumbling Club

To learn and enjoy various skills on the parallel and the horizontal bars, the mats, the trampoline, the spring board, and the long horse is the principal objective of the vigorous Tumbling Club. Muscles begin to bulge and excess poundage disappears as the members work diligently at improving their physical strength. The development of stamina, agility, flexibility, and coordination is achieved by the fifty-four future "Mr. Americas." Fostering a keen interest in physical education, this popular organization is tops for fun, interest, and physical exercise.

Orchestra

Under the truly capable direction of Mr. Raymond Hartman, the fifty members of the Bloomfield High School orchestra have provided fine entertainment for the enjoyment and musical education of us all. To increase its own appreciation of this art through performance, the orchestra has highlighted many of our assembly programs, the Christmas program, and the annual Spring Concert. As evidence of the group's professional quality, four members can proudly claim positions in All-State Orchestra.

A Cappella Choir

Through the enthusiastic hard work of Miss Edith Albinson, an excellent choir has been organized at B.H.S. The A Cappella Choir performs their many enjoyable sacred and secular numbers at school assemblies and at outside benefits. All one needs to belong to this selected group is an outstanding voice. Several members tried out for the All-State Chorus; three were fortunate enough to be chosen. The impressive Christmas program will be remembered in the hearts of all as the choir members formed a lighted Christmas tree singing joyous carols. Pleasing to the ears of all students at B.H.S. are the many songs sung by the A Cappella Choir.

Swing Serenaders

For listening and dancing to professional musical arrangements, B.H.S. students have found great satisfaction in the Swing Serenaders. Composed entirely of boys, except for their talented feminine vocalist, they receive valuable experience in playing dance band selections. The success of the Victory Dances, Football Queen Dance, and Cheerleaders' Dance was due to the tones of the Swing Serenaders. The students always look forward to the Band Concert at B.H.S. which features the Swing Serenaders and their many enjoyable numbers.

Mixed Glee Club

Musical Monday Club

Do you like to sing? If you do, then join the Mixed Glee Club. The combined voices of the sophomore, junior, and senior members in the Glee Club have sung numerous musical selections at assembly programs. Under the leadership of Miss Edith Albinson, the members sing for their own personal pleasure. When a boy or girl has perfected his vocal quality, the next step for him is becoming a member of the A Cappella Choir.

Musically inclined members of the Musical Monday Club will long remember their monthly meetings where they got together to enjoy and critically analyze one another's performance while gaining a greater appreciation of this art. The Christmas meeting to which former members were invited was a favorite with everyone. Members all agree that the highlight of the year's activities was the open meeting in the spring to which anyone interested in music attended.

Athletics

Although each of us has different ambitions, we all have a goal that we are striving to achieve. This goal is called success. As with the many different kinds of sports, our means of achieving success will vary; but the end result will be the same. In winning our goals, we should follow the general rules of participation in athletics: fairness, aggressiveness, friendliness, and above all, sportsmanship. One of the best ways to learn how to work and play with other people is actually to participate in athletic contests. Even if one is a spectator, he can still learn the importance of acting in a sportsman-like manner. Perhaps one of the most important reasons for getting a high school education is learning how to live with others. Producing something better by teamwork than by oneself shows the significance of cooperation. Thus, when we are enjoying our new-found freedom, we must keep in our hearts and minds the ideals that have been given to us at Bloomfield High.

Goals

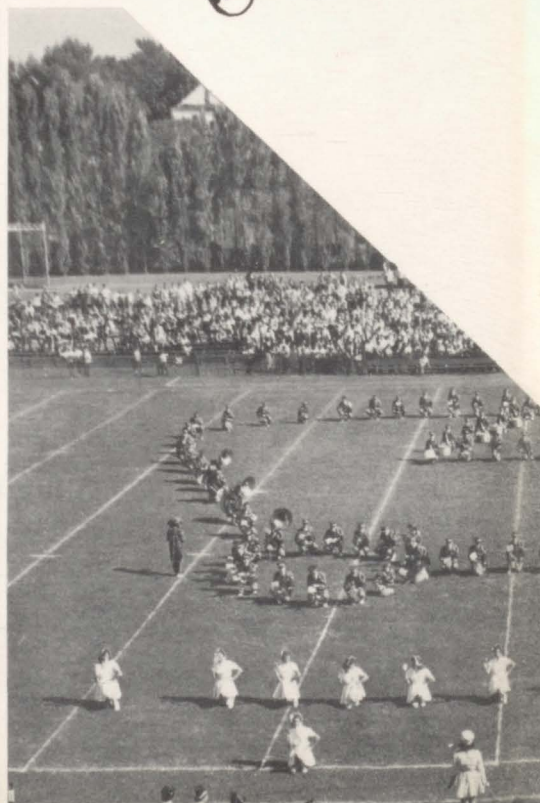

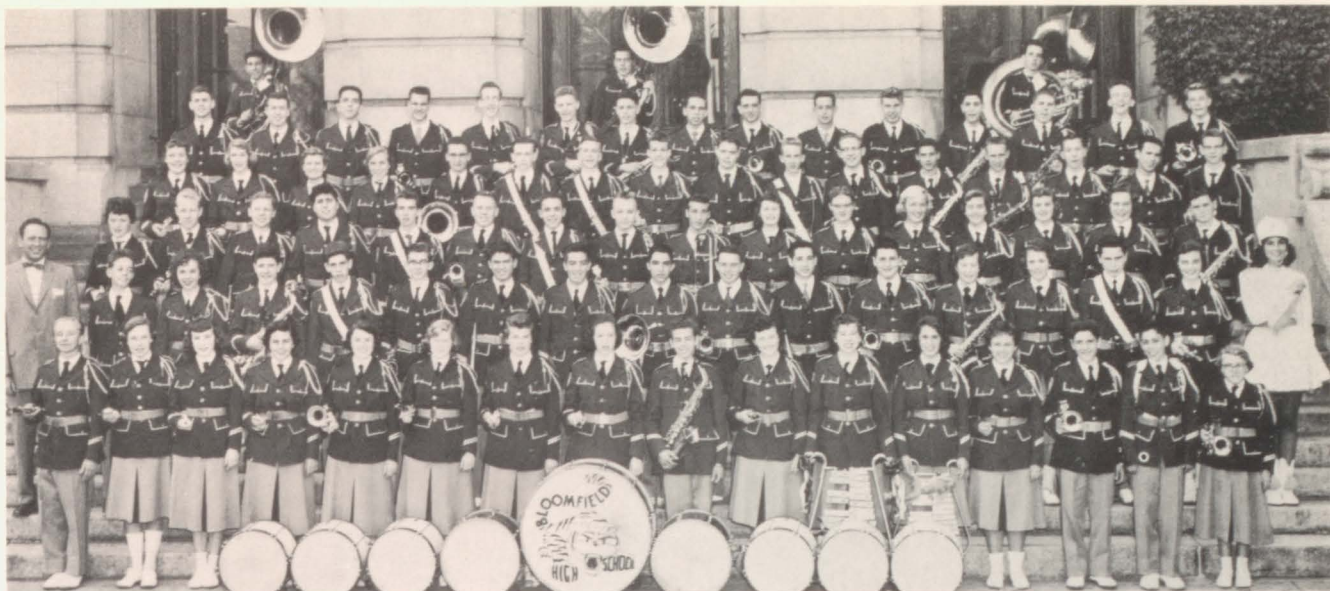

Morale-builders! No other title could more aptly describe our fine marching band, cheerleaders, twirlers, and flagwavers. It's one thing to merely "put on a show" and another thing to incite spirit and enthusiasm into team and spectators alike. Remember the exhilarating pride which filled us as we watched our twirlers and flagwavers strut down the football field to the perfect rhythm of the marching band? Their original dance routines have delighted thousands during half-time shows. Likewise, the boundless energy of the cheerleaders greatly stimulated us at both football and basketball games. The annual band concert, seasonal rallies, and various local organizations have also witnessed the talented performance of these groups. Miss Pauline Laferrera, adviser to the cheerleaders, and Mr. Raymond Hartmond, director of the band, twirlers, and flagwavers, can be justifiably proud of the job they have done, for our morale-builders have truly contributed to the school spirit of the student body.

Under the able coaching reins of Joseph Bogusz, B.H.S.'s varsity gridiron aggregation terminated the 1956 season with a vastly improved 6-2-1 record. Sparked by John Elston, Bill Tully, and Jack Panico in the backfield, and by Ralph Rizzolo, Len Mattson, Fred Celluro and Jerry Rosamilia on defense, the Bengal eleven opened the '56 schedule with a 14-7 victory over Seton Hall on September 22. After trouncing Belleville, 21-6, the Boguszmen were handed their first loss by top-rated Clifton High, to the tune of 40-0. However, the Red and Grey gridsters came back the following week to wallop Eastside Paterson, 51-0, followed the victory up by whipping Kearny, 27-6, and rounded out the month of October with a 14-14 deadlock with West Orange. The Tiger eleven edged Irvington by a single TD, 18-12, and whipped Nutley, 25-6, on the first two Saturdays of November. Traveling to Montclair for the annual Thanksgiving Day contest, the embattled Bengals could do no better than score one touchdown against the Mounties in the final two seconds of the game, when Jack Panico tossed a nine yard aerial to Tom Clancy, standing alone in the end zone. Panico also converted the ball and the Bengals took a 33-7 loss at the hands of the Blue and White.

Seven seniors, averaging 176 pounds in weight, comprised the first string line of Bloomfield's 1956 football squad. Tom Clancy and Al Glatz, two 170 lb., 6'1" ends, snared many an errant pass and were standouts on defensive as well as offensive play. Co-captains Jim Bodine and Pete Modrow strengthened the Bengal line in the offensive and defensive tackle slots, while Ralph "The Baron" Rizzolo, a 6', 190 lb. defensive tackle, received the team's "Most Improved Player" award. Ed Stier and George Ross provided strength at guard, with Fred Donnelly and junior Fred Celluro forming additional depth. Pete Holsten, junior Al Weber, Bill Tully, and Celluro bolstered the squad as defensive line-backers. Howie Rodham rounded out the line as middleman, also drawing attention with his many tackles.

Junior Tony Pascal and senior Len Mattson quarterbacked Coach Bogusz's split-T formation, with Pascal excelling in running and passing and Mattson astounding Foley Field spectators with his remarkable speed. The Bengal backfield was sparked by Jack Panico's and Bill Tully's scoring, with Tully leading the way with 48 points. Tully, a fullback, was recipient of the "Most Valuable" award. Senior Tom McGugart, junior John Elston, and sophomore Alan Dean were also leading ground gainers.

COACH CELLA and
COACH MOORE

Concluding the most fabulous basketball season in the school's history, B.H.S.'s 1956-57 court combine, coached for the tenth year by George Cella, created a new school record by winning 26 consecutive games and copping the Big Ten Conference, the Essex County and the Group IV state basketball championships. The Bengals clinched the Big Ten title with a 9-0 record in conference competition and garnered the Essex County crown after being seeded number one in the eleventh annual tourney.

Playing in the 39th annual NJSIAA tournament, the Cellamen copped the North Jersey, Section 2 title after easily whipping Weequahic and East Orange High Schools. The Bengals made short order of Bayonne in the Group IV semi-final, 67-56, and traveled to Princeton Uni-

versity for the championship contest with Trenton, outplaying the Capital City five, 51-47 for the Group IV state crown.

Only the 1918 Bengal team, sparked by George Buttinghausen, approached the success of the '57 squad. In that year the Bengals swept to 18 regular and six post-season wins for a 24-game victory skein, while the 1957 team won 18 regular and seven-post season contests. The only other Bloomfield team to win the county title was the 1949 squad while the Bengals garnered the Group IV championship in 1953 and 1937.

Coach George Cella's cage squad provided Bloomfield fans with innumerable thrillers throughout the '56-'57 season. Mal Abernathy clinched the county championship for the

Bengals when he sank the layup with nine seconds remaining in the final with St. Benedict's, which Bloomfield won, 57-55. The Cellamen registered two wins over Montclair, the first Bengal team to beat the Mounties since 1951 and edged East Orange, 43-41 in a sudden-death overtime contest in regular season play. The Bengals pulled another two-point decision over Panthers in the county tournament, 61-59 and trounced the East Orangers, 54-41, in the state tourney.

Seven returning lettermen and three newcomers comprised the 1956-57 Bengal cage squad which was noted for its well-balanced qualities. The starting lineup consisted of seniors Stan Kaminski, Bill McCormick and Captain Chuck Quinn and juniors Mal Abernathy and Fred Celluro. Celluro and Quinn were the squad's playmakers and drew attention with their speed and agility. Kaminski, McCormick and Abernathy were the big men under the boards, excelling in rebounding and scoring. Kaminski led the squad in scoring with 365 points in 26 games.

Coach Cella possessed an extremely capable bench, consisting of seniors Al Glatz, Tom Clancy, and Niel Cavanaugh, juniors Steve Brennan, Don Kirk, Tony Pascal, and soph Barry Elson. Participating in almost every game, the reserves racked up 213 points among themselves. With Celluro, Abernathy, Brennan, and Elson returning, the 1957-58 season promises to be equally exciting and profitable.

CROSS COUNTRY

Marking 1956 as its banner year, B.H.S.'s cross country squad, coached for the final time by Peter Wilson, swept on to the Essex County and state harrier championships and to second place in the Big Ten Conference, after concluding an excellent 9-1 dual meet season. Coach Wilson, who advanced to the position of Assistant to the Principal, will turn the 1957 coaching reins over to Marshall Butler.

A single loss to Thomas Jefferson of Elizabeth marred an otherwise perfect season, which saw seniors Ned Quinn and Bill Schwab twice shatter the Brookdale Park course record of 13:51, which was set by Schwab the previous year. Running against Barringer High, the deadly duo registered a 13:33 clocking in a dead tie for the two and one-half mile course. One week later, a Thomas Jefferson runner set a 12:56.8 mark for the course, while Quinn and Schwab finished second and third respectively, in times of 13:03.5 and 13:19, which still broke the old record.

Winning the Essex County harrier championship for the second consecutive year, the Bengal distance men registered a low 68 points to win the meet, which was held on Tuesday, November 6 at West Side Park in Newark. On November 12 at Warinanco Park, Elizabeth, the

squad captured the first state cross country crown in B.H.S. history, scoring 99 points against 24 other New Jersey High Schools. Ned Quinn, in copping individual second place honors, recorded the fastest time for any Bloomfield High runner on the Warinanco course, clocked in 13:10.

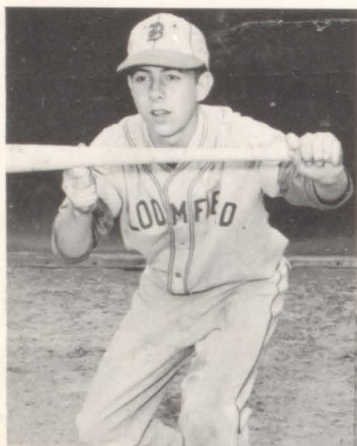

Ned Quinn, Bill Schwab, Marc Hoyer, junior Joe DeTommaso, Denny Ryan, and Captain Jack Martin paced the team to victory in '56.

Replacing grid coach Joseph Bogusz as head mentor, Coach Joe Moore guided the 1956 Bengal baseball squad to an 8-6 season's record, and to a second-place rating in the Big Ten Conference, with a 6-3 slate in conference competition.

Seven lettermen bolstered the Red and Gray diamond aggregation. Captain Lou Diess recorded a .280 batting average, while Tom Fasulo, Bob Gottheiner, Frank Messina, Vin Przybylinski, Bob Quinn, and Bud Salamone, who led the squad with a .340 average, comprised the returnees.

Pitchers Frank Messina and Bob Gottheiner spearheaded the Bengals' mound attack, while Vin "Butch" Przybylinski halted many stolen base attempts as backstop. Ed "Rocky" Imperatrice at first, Bud Salamone at second, soph Jack Panico at the hot corner and Lou Diess at short formed a sparkling infield combination, while Tom Fasulo, Bob Quinn, Bob Sabato, and George "Bucky Moons" Munson comprised the outfield brigade.

The Bengals registered victories over Orange, Irvington, West Orange, East Orange, Kearny, Clifton, split two games with Montclair and, for the final contest of '56, walloped Columbia High, 17-0, scoring 12 runs in one inning. Bob Gottheiner hurled his third win, allowing three hits, fanning six and walking one Columbia batter.

Captain Stan Kaminski, Steve Brennan, Bob Caccavale, Fred Celluro, Al DellaRusso, John Elston, Bob Goos, Jack Panico, Al Weber and pitchers Tom Clancy, Luke Falzo, Al Glatz, Steve Stearns, and John Wall are expected to pave the way for the 1957 diamond brigade.

TRACK

Compiling a commendable 8-1 record in dual meet competition, Bloomfield's 1956 outdoor track squad, coached by Peter Wilson, highlighted last year's track season by taking first place in the two-mile event at the Long Branch Relays and emerging as runners-up in the annual Essex County Meet.

Forming the nucleus of the '56 squad were returning lettermen Don Catino, featured in the 880; Dave LaGasse, also a half-miler; weight-man Joe Yachimack; milers Bill Schwab and Ned Quinn; high-jumper Dick Emberger; Pete Modrow, another weight participant; hurdler Dave Gardner; and Kurt Hirsch, a handy man with the discus. New men in '56 included pole vaulters Fred Polkinghorn and George Anderson.

Three new records were established in 1956. Excelling in the high hurdles, senior Dave Gardner established 15.6 seconds as the official standard for the hurdles at Foley Field and bettered the record with a 15.5 timing at the Newark Board of Education Meet, in which the Wilsonites placed fourth. At the same meet, Joe Yachimack set a new shot put record with a toss of 50'9". In the season's final meet, Gardner set a new school record in the 180 yd. low hurdles, timed in a tremendous 19.9 seconds.

Prospects for the 1957 outdoor team are good, with Bill Schwab, Pete Modrow, Fred Polkinghorn, Howie Rodham, Ned Quinn, Jack Martin and Dave Myers returning to the squad.

B.H.S.'s indoor track team registered a 2-1 dual meet season in '57, but failed to record significant victories in the several invitational meets, placing tenth in the C.Y.O. Championship Meet.

TENNIS

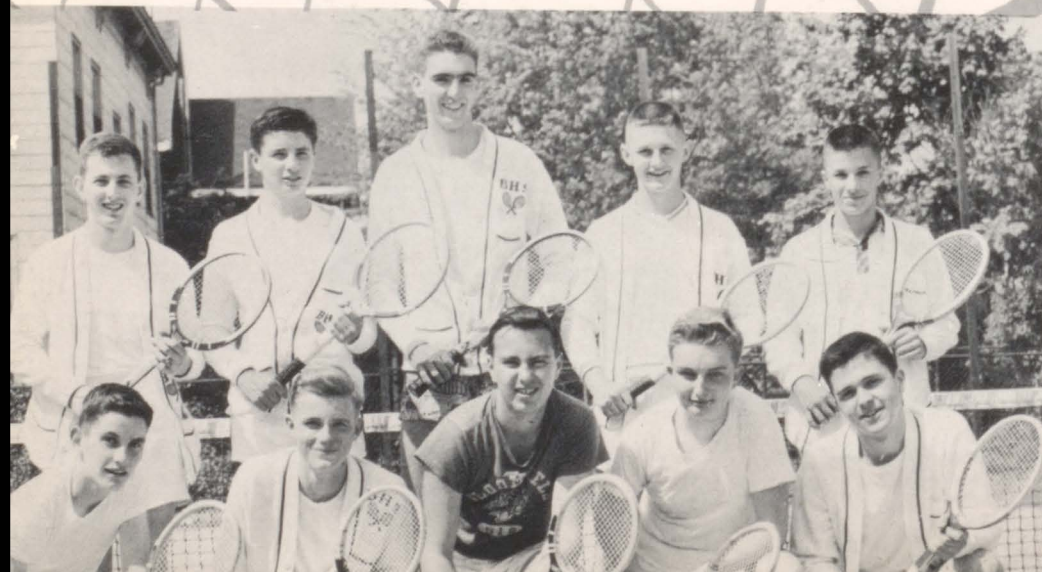

Winding up the 1956 tennis season with an improved 2-8 record, B.H.S.'s racquet squad, coached by Cabot Kendall, recorded its first victory since 1952 when it edged Clifford Scott, 3-2, led by Dan Johnson and Dave Samuelson in the doubles and by Bruce Meier and Fred Block in the singles matches. Seton Hall's forfeit provided the season's second win. Mainstays for the '56 squad included seniors Bernie Brown, Captain Fred Block, Bruce Meier, Bill Payne, Bob Rose, and Dave Samuelson, juniors Bill Heyman and Roy Peck, and soph Dan Johnson. Heyman and Peck are the lone seniors returning to the 1957 team.

Recording a 5-3 win-loss mark in 1956, the B.H.S. golf squad eked out a seventh-place notch in the state links tourney with a total score of 370 and took third place in the Big Ten Tournament, led by sophomore George Slingerland's 82. Montclair (twice) and Millburn inflicted the season's three losses. George Slingerland was the guiding light of Coach Joe Konn's squad, backed up by Gene Butler, Leo Daniels, Anthony Petrucci, Dick Thomas, Arvid Young, and Nick Zambri, another soph standout. With only Butler, Daniels, Petrucci, and Young lost to graduation, 1957 promises to be a fruitful year.

Possessing a 4-5 record, Coach George Madden's keglers recorded a 732.8 average in 21 games with a high game of 856. Dan Nappie paced the Bengal pinmen, knocking down 3,280 pins for a 164 season's average. ADVISORY COUNCIL ON ATHLETICS

September 1956 witnessed the end of the outmoded Athletic Association and the launching of the new Advisory Council on Athletics. A desire to place athletics within the high school's curriculum, under the Department of Health, Physical Education and Safety, prompted the Board of Education, after a study of the situation, to dissolve the A.A. Comprising the new athletic Board are Mr. Donald K. Arnsdorf, Mr. George A. Cella, Mr. Norman L. Claxton, Mr. Charles E. Morgan, Dr. Harry M. Rice, Mr. Norman Wertman, and Mr. Peter Wilson. Dr. Henry T. Hollingsworth and Dr. Jerome Salsbury are ex-officio members. The new body will form various athletic policies for the school, develop an athletic program within the school's curriculum, and supervise the school's athletic budget.

GIRLS'

LEADERS' CLUB

A congress of captains, squad-leaders, checkers, and equipment managers meets on Thursday activity periods to plan the work of their gym classes and to learn how to teach the new work. Under the direction of Mrs. Myra D. Seely, this club aims to provide practice in the art and responsibility of leadership.

BASKETBALL

Basketball provided some thrills for the girls on the teams this year. Playing after school on Wednesday afternoons during January and February, there were twelve teams participating. Stiff competition and keen rivalry among the teams of all three classes made the games excitingly close.

PING PONG

Ambitious girls who like to hop around batting an elusive little white ball back and forth were seen in the girls' gym when ping-pong season rolled around. A game of skill, requiring fast thinking and acting, it is as much fun to watch as it is to play.

SOFTBALL

In the spring a young woman's fancy lightly turns to thoughts of — softball! At least, on Wednesday afternoons enthusiastic B.H.S. girls responded to the command, "Play ball!" The teams were formed according to classes and the keen competition resulted in some tight games.

SPORTS

MRS. MYRA D. SEELY

Who but "Ma" Seely could be in charge of so many activities—bowling, swimming, Leaders' Club—and still have a cheerful smile for everyone. If you need assistance in solving problems Mrs. Seely is always there with an excellent solution. Mrs. Seely has instilled in us a feeling of loyalty and good sportsmanship which will always remain unforgettable. The senior girls at B.H.S. are sincerely and deeply thankful to Mrs. Seely for the important role she has played in our days at Bloomfield High.

HOCKEY

The crispness of fall, the clicking of sticks, and shrieks of laughter herald the arrival of hockey season at B.H.S. Armed with sticks, leg guards, and a wooden ball, athletic girls engage in this invigorating sport. Brookdale Park, the location of B.H.S. hockey, beckons to everyone who enjoys wholesome, healthful recreation.

BOWLING

Winter Thursday afternoons, the Broad and Bay Bowling Alley was invaded by the female keglers from B.H.S. Ten teams competed in a tournament for top honors after several preliminary practice sessions. This program produced some fine bowlers from the group and all had fun with the co-ed tournament that climaxed the season.

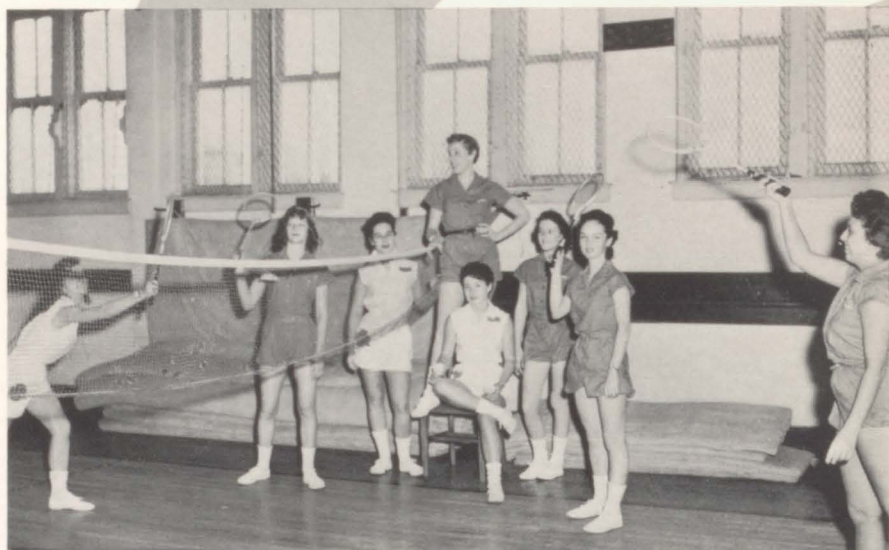

VOLLEYBALL

Volleyball teams, formed in the gym classes, saw plenty of action during the February and March tournaments. The frantic scrambles after the ball and the fierce competition enlivened the scene. A fast game, requiring lots of teamwork, these contests were frustrating fun for all.

BADMINTON

The center of attention this spring was a tricky little feathered birdie that's hard to handle until one learns the knack of it. The badminton games were fast paced, exciting, and sometimes had odd results. For instance, remember those birdies that frequently found their way to the gym balcony?

GIRLS' SPORTS

SWIMMING

"In the swim" is literally where many B.H.S. girls were during the year. Two sessions held at the Montclair "Y" on Tuesday afternoons during the Fall and Winter proved immensely popular. The girls swam for fun or used the opportunity to improve their stroking, diving, and water ballet.

B. Thornton, Captain; and G. Day.

Starting the season with only a few veteran archers, the team soon picked up some new blood from the Sophomore Archery Club. The sophomores showed great promise and worked earnestly throughout the season. The returning juniors and seniors with their experience chalked up some creditable records. The team entered the N.S.W.A. tournament and in the spring made its annual trek to Foley Field for outdoor practice for the Inter-Scholastic Tournament. This year's team was captained by Betsy Thornton under the guidance of Miss Marion Loprete.

DRILL TEAM

1-2-3-4, left, right, left, turn! That counting is only a mere segment of the intricate routine effected by the thirty-two B.H.S. "Scotties." The team, composed of twenty-four select seniors and eight select juniors, began its full-fledged training period one year in advance of any public performance. As a reward for their hours of practice in aiming for detailed preciseness, the girls not only gain satisfaction in marching before large crowds, but also develop poise and the ability to concentrate. Under the direction of Miss Marion Loprete, assisted by Miss Edith Russell, the team this year further enhanced the renown of Bloomfield. Spectators at Madison Square Garden, Adelphi and Panzer Colleges, and two local hospitals were greatly impressed with the team's precision marching. Clad in colorful red plaid uniforms, made by the girls themselves, the sure-footed "Scotties" have continued the tradition of a fine B.H.S. Drill Team.

MISS MARION LOPRETE

A welcome newcomer to the B.H.S. faculty, petite Miss Loprete has captivated everyone with her wonderful sense of humor and effervescent personality. Gym classes are always fun, for a varied program is provided for enthusiastic and indolent students alike. Besides sponsoring Drill Team, Archery Team, softball, and basketball during the school year, this energetic teacher enjoys traveling during the summer months. Cheerful and attractive, Miss Loprete will always be remembered by the class of '57.

To All Who Have Aided in the Production of MEMORIES '57:

I owe a debt of gratitude to every person involved in the production of MEMORIES '57: the advisers, the editors and their staffs, but above all, the Class. To the advisers, Mrs. Virginia Romanko, Mr. Clinton Eller, and Mr. William Willever, for their invaluable assistance and advice, I extend my sincerest thanks. To the editors and their staffs, whose untiring energy and devotion have actually developed these memories into something tangible, I am deeply indebted. Finally to the Class, without which no memories could exist, I proudly present MEMORIES '57.

To the Class of '57:

When you pick up this book sometime in the faraway future, we, the Editors, hope that it will bring back pleasant memories of the days we spent together at B.H.S. Although this book represents only eight months of concentrated work, the contents have been accumulating through our entire school life. MEMORIES '57 is a record of four hundred fifty persons, each an individual, yet all sharing one common experience. Our class, the Class of '57, will spread across the nation and the world and never be one complete unit again. Yet, in thought, we shall always be together as we read our yearbook. Thus, this book, culminating the highlights of our three years at B.H.S., will be one of the most cherished we shall ever receive.
